The smallest impressions can also be the biggest.

i30 CRDi. When the Hyundai i30 took the chequered flag at the Quit Targa West Rally for the past four years, it made a big impression with motorsport fans. However, thanks to Hyundai's Green Diesel technology, the i30 was able to leave the competition in its dust without leaving behind a big impression on the environment. Because the i30's advanced turbo Diesel engine not only produces lower CO₂ emissions, it also costs you less at the fuel pump – leaving a small impression on your wallet. No wonder it was awarded Australia's Best Small Car* for three years in a row.

*2010 Australia's Best Small Car under \$35,000 awarded by Australia's Best Cars to i30sx. Category winner in 2008 & 2009.
