1. Whiteman Park Special Stages

Competitors are advised that the roads in Whiteman Park have been built with off camber bends to slow cars down. These have caught many rally drivers out resulting in a number of crashes.

Special Stage 1 does not count towards the Results, it is chance to warm up the cars and crew.

Due to the environmental sensitivity of the Park, if oil is spilt or a car goes upside down, we have to stop competing until everything is rectified.

2. Muchea Special Stage

A number of school buses will arrive while competition is under way. We will be required to Stop the Stage until the buses are clear of the area. If we need to gain time we will reduce the time between Zero Cars and possibly reduce the Service Time in Ellenbrook.

3. Ellenbrook Special Stage

The On and Off ramp to the raised speed bumps now have extended tarmac to decrease the angle of the ramp.

On most corners there will be plastic water delineators (barriers), lighting towers and reflective arrows will be on every corner to improve visibility of the corners.

Local food outlets will be creating a menu for you to choose from and will be visiting service crews to take orders and will deliver direct to the team, if possible please support them.

4. Virtual Chicanes

Further to Supplementary Regulations 15.6 Virtual Chicanes the VC Boards will be 100m apart, however the RallySafe measured distance will be 150m. This is to try and reduce the number of penalties incurred at VC's.

5. Restricted Speed Zone

The Distance of the RSZ's is 1400m and they are to be driven at an average of 80kmh, this translates to 63 seconds. RallySafe will count down to the exit time.

6. Time Cards

See Attached a Sample Time Card being used for the 2019 Targa West

7. Presentation Gala Dinner

If you wish to purchase extra dinner tickets, please contact Jan on 0418 533 603 or email jan@targawest.com.au, we need to finalise numbers on Wednesday 7th August but we would prefer to have a good idea on numbers by Monday 5th. The ticket includes drinks up until 11.00pm, then there will be a cash bar until midnight.

ARRIVAL TIME will be the time you enter the **Time Control**. The Officials will fill in this time.

On a **Special Stage** you will also be issued a **START TIME** which will normally be 3 minutes after your **ARRIVAL TIME**. The Officials will fill in this time. You are then to proceed to the **Start Control**.

If there is a stage delay, then you will be issued an **AMENDED START** time. The Officials at the **Start Control** will fill in this time. RallySafe will show the Start Time and Count Down. If an Official tells you to **not Start** they will amend your Start Time. Early departures will be penalised.

Stop Control Official to sign your time card before you leave.

Your **ELAPSED TIME** as displayed on RallySafe. Competitors fill in their own Elapse Time.

Your **DUE TIME** is the time you are to drive past the Yellow Board at a **TIME CONTROL**. If you are entering a Special Stage you are to be ready to Rally. To calculate your **DUE TIME** add the **TIME ALLOWED** onto the **START TIME** (or **AMENDED START** if amended). Competitors fill in the own Due Time. At Service Parks, the Officials will calculate your Due Time.

HAND time cards in at the **last Control** of the Day.
