STAGE CLOSURE AND OPENING

Make Smoking History Targa West has permission from the local government authority and the Commissioner of Police to close the roads for competition. All roads, gates and driveways leading onto the rally stage need to be closed off by manning, taping and tagging.

To ensure the safety of the public, officials and the crews the following procedure will take place.

- Before the road closure time, unused gates will be tagged.
- At the road closure time the roads will be closed and officials will begin to tape and tag all driveways and gates.
- Before the Rallysprint starts, the **Safety Official Car 000**, will inspect that all roads, gates and driveways have been closed.
- **Safety Official Car 00** will then check that all officials and the public are in a safe location.
- A few minutes before the stage starts, **Safety Official Car 0**, with flashing lights and sirens will be a warning that the stage is about to begin.
- Competition will then begin with the fastest cars starting first.
- There will be four runs and the Safety Zero cars will repeat the process before each run.
- Once all competition is finished, the Safety Official cars will traverse through and let everyone know the event has finished.
- The Tape & Tags will be removed and the roads will then be opened to the public.
